## How to Change the Color Theme:

- Go to your PowerPoint “View” tab
- Find and click on “Slide Master”
- Find “Colors” menu and click on “Customize Colors”

Change the colors by inserting your desired RGB numbers (Focus mainly on ACCENT 2 color option) and finally “Save” it, “Close” master view and restart your PowerPoint to get the new color theme completely.

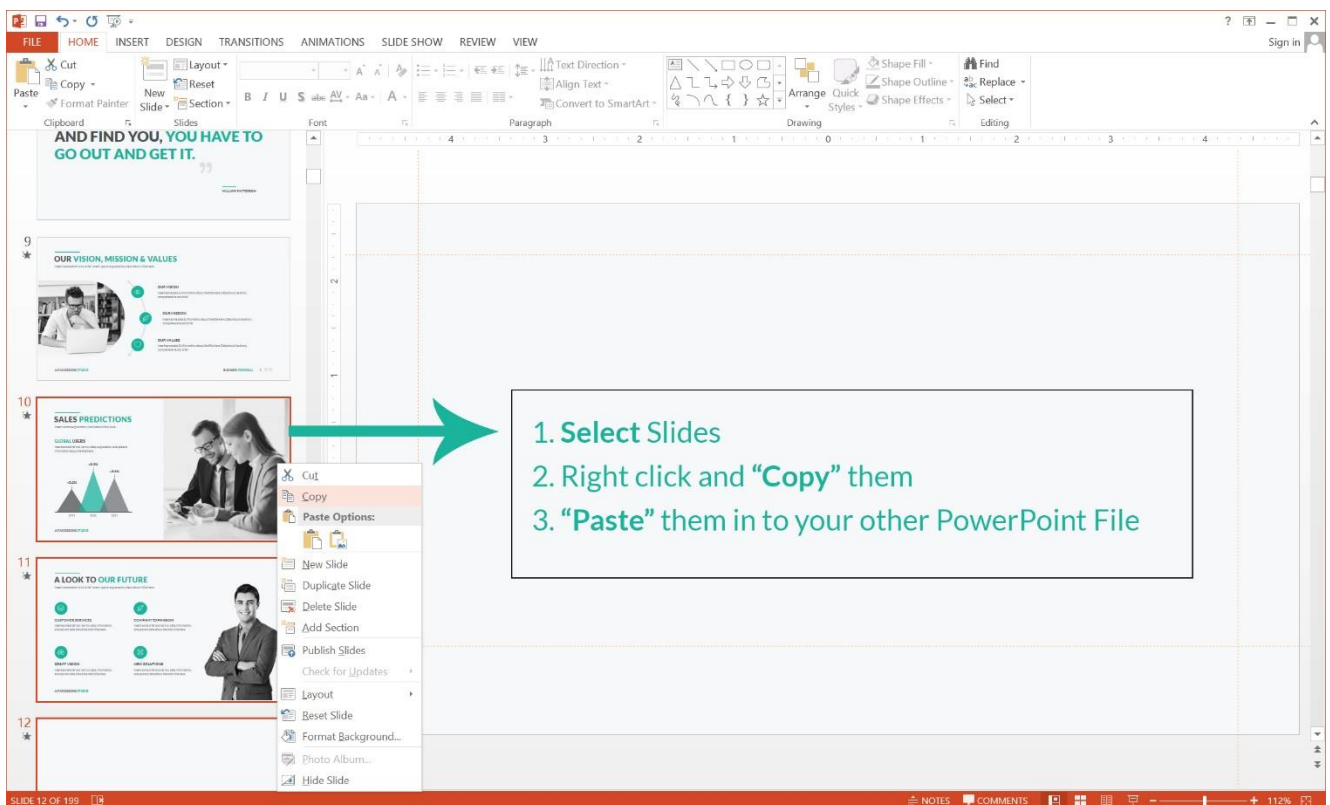

## How can we edit, change or delete the **FOOTER**?

- Go to your PowerPoint “**View**” Tab
- Find and click on “**Slide Master**”
- Edit, change, delete or replace your text in ALL slides of Master slide
- Go back to “**Normal View**” or “**Close**” the Master View

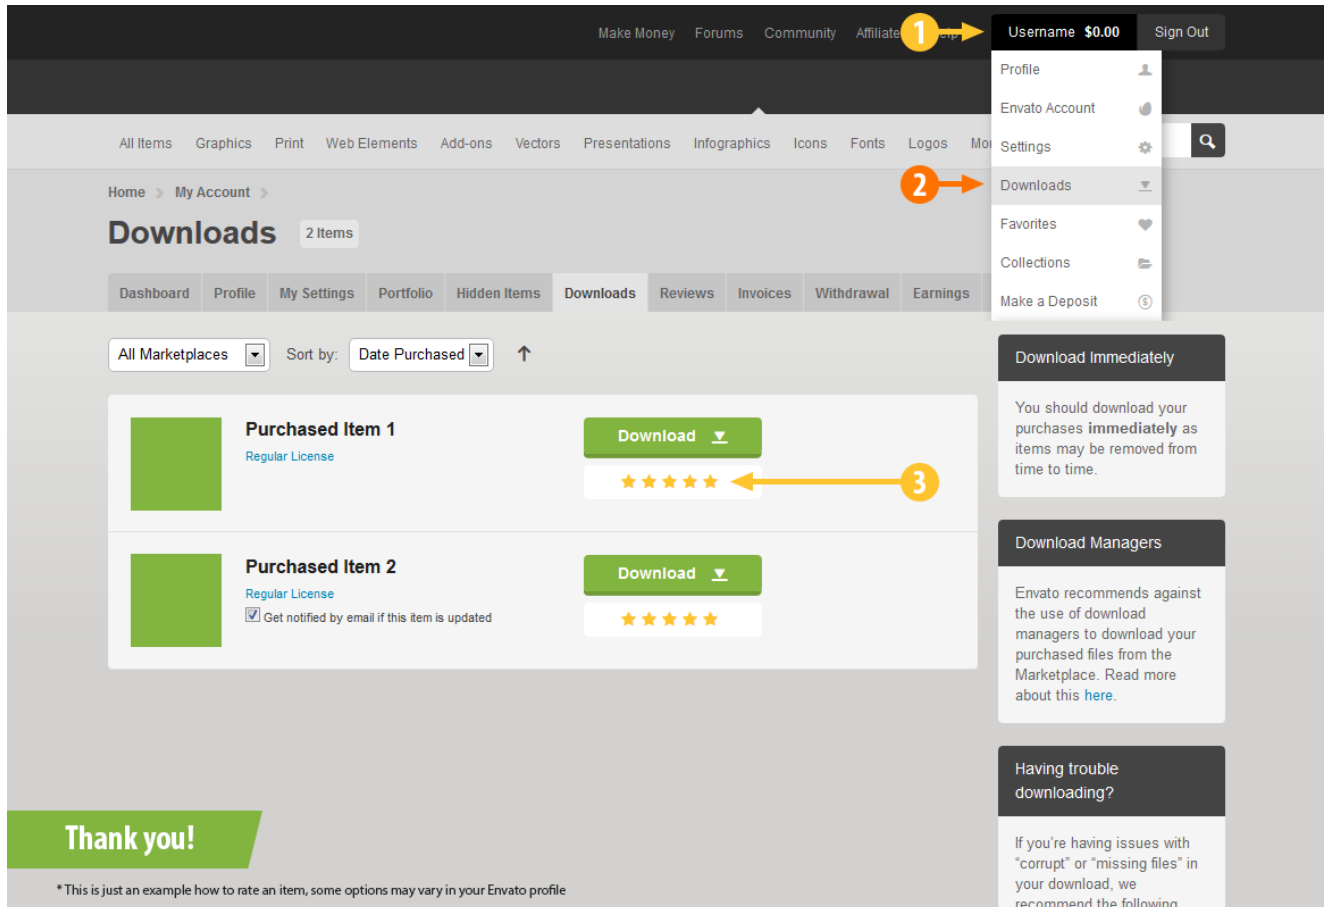

## How to copy and paste slides between **Presentation Slides/Templates**?

- Select slides from the left view of your PowerPoint screen (If they are more than one slide, hold “Shift” key to select more slides)
- Right click and “**Copy**” them
- Go to your destination PowerPoint file
- Right click on the left side of your PowerPoint screen and “**Paste**” them

## Please support me **by rating this item!**

By going to your GR download menu, and click on the stars to the end (It's easy and free).

If you need any help, don't hesitate to contact me by sending an email through my profile page or add comments to this item.

Here is my email also!
